NEW - MUNICIPAL NOTIFICATION SERVICE

Roadata is pleased to announce a new service available to ALL Municipalities.

This new Notification Service will provide the ability for a Municipality to identify individuals within the Municipality that should be made aware of situations such as restricting all overweight traffic due to adverse weather or a specific road closure etc. Messages can be sent by Text, E-Mail or both... your choice.

There are two components to the Roadata Municipal Notification Service:

1. Notification to Municipal Staff

- Identify staff that you feel should be aware of restrictions in movement that may be set for:
 - Time and Temperature restrictions
 - Road Closures
 - Adverse weather – suspension of all overweight movement
- Automatic notification to any staff you feel should be aware:
 - Road Foreman
 - Enforcement
 - Roadway Inspectors
 - Administrative Staff

2. Stay Current with Neighboring Municipalities

- Know if a bordering Municipality has restricted movement
- Identify the Municipalities you would like to be notified when they place movement restrictions

Please complete the attached form to indicate your preferences.
