Regulatory Service Package

These service packages will be customized and quoted to meet the needs of an individual client. RDS will consult with each company to determine need and function. RDS may develop custom software and programs to assist companies in meeting stated objectives. RDS will determine monthly fees for such services based on individual client programs. Please ask about our Regulatory Service Client Survey. This will assist us in customizing your Regulatory Service Package.

Please Note: RDS obtains all Registry related services from authorized Alberta Registry Agents. RDS is not a Registry outlet and simply obtains service on behalf of our clients.
