TRIDEM STEER***		
DESCRIPTION	MAX WT.	SEASON
Tridem Steer	* 19000	LEGAL
	* 21000	BAN
	* 22800	POST THAW
	* 23500	SUMMER
	* 24000	FALL
	* 24000	WINTER

- Load per tire can't exceed 10 kg / mm width
- Permit required to operate
- Fixed Equipment ONLY, not for Tractor unit
- Must have 5.0 m minimum interaxle
- Not valid for travel on Ban Roads
- Vehicle may not tow a trailer
- Weight on steer axle must equalize

NOTE: The steering axle weight allowance is for the tare weight of the truck and mounted equipment only.

A payload or commodity, when loaded on the deck of the truck, must be positioned such that no additional weight is placed on the steering axle

In all cases, the vehicle shall be registered for at least the weight it carries.

* Permitted weights for Permanently Mounted Equipment Only.(eg. Picker, Bed Tk, Pump Tk, Winch Tractor, Coil Tubing Unit, Snubbing Unit, Crane)

** Requests for permit weights above legal weights will require spec. sheet and weigh scale tickets as proof that the extra weight is required.

*** Approvals for annual steer axle permits are normally obtained during Government business hours.

(Roadata Services Ltd is not responsible for errors or omissions on this document. All information subject to change at any time.)

(Information based on Alberta Primary and Secondary highways only. Local Municipalities can further restrict axle group weight.)
